## **DETAILED ACTION**

The response to Office Action filed on 12/23/2002 has been acknowledged. Applicants elected with traverse of group I, claims 49-54, 57, 58, 59, 60, 61 and 87-99. As Applicants request a new Office Action to clarify the further election of Group I, this Office Action is initiated by withdrawing the previous further election of Group I among the subgroup (1) to (12), and issue a new further election of subgroups a to c of Group I.

### ***Election/Restrictions***

1. Upon reconsidering the elected Group I, a further restriction to one of the following inventions is required under 35 U.S.C. 121:

- a. An isolated antibody is specific raised against HCV E1,
- b. An isolated antibody is raised specific against HCV E2,
- c. An isolated antibody is raised specific against HCV E1/E2.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions Group I (a) and Group I (b) or Group I (c) are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions of Group I (a) and Group I (b) or (c) are directed to different antibodies, which differ in structures and functions.

3. Because these inventions are distinct for the reasons given above, for example, the search required for Group I (a) is not required for Group I (b), restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
